MeMoi. wellfit™ compression socks

cotton blend

Stride into your peak performance with our breathable athletic cotton compression socks. These socks are designed to increase blood flow to the heart keeping that fresh oxygen-rich blood moving and reducing lactic acid build-up. Prevent the dreaded muscled soreness, fatigue, cramping, swelling in your feet, ankles, and legs by sporting Wellfit graduated compression socks.

MeMoi. wellfit™ therapeutic socks

diabetic relief

MeMoi WellFit Therapeutic socks offer a combination of quality, comfort, and style. Designed with a non-binding top, our therapeutic socks stay in place without restricting circulation in order to decrease the risk of injury and keep your feet dry. They are breathable, soft, and well-fitting, making them the perfect choice for those who have sensitive feet and suffer from various foot conditions; not just for people with diabetes.

non-binding top

moisture control

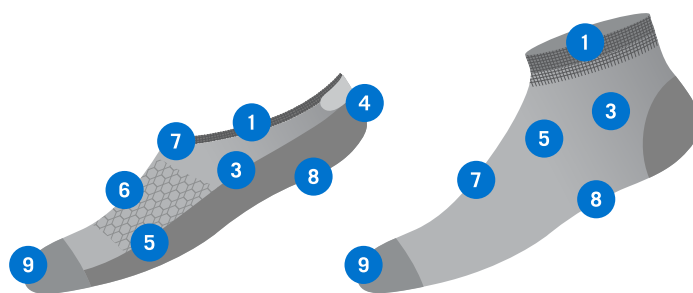

anti-microbial

odor resistant

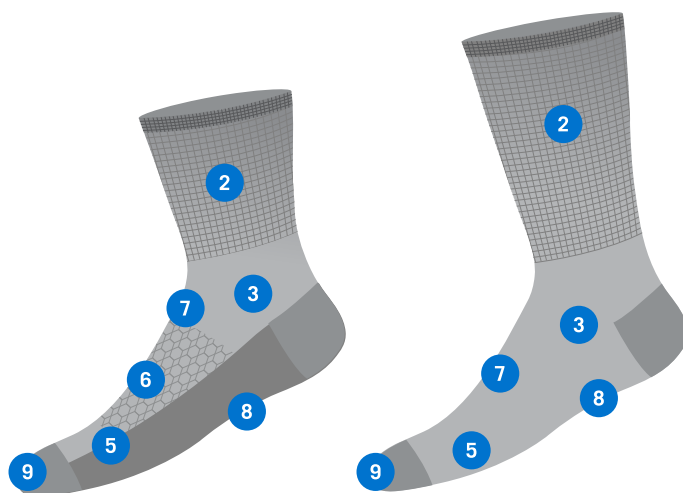

- 1 **Non-binding Top**
Stays in place without restricting circulation
- 2 **Non-binding Morpul Top**
This unique knitting technique acts as a funnel that keeps socks in place without pinching, binding or indents.
- 3 **Soft Stretch Fiber**
Breathable soft texture for a smooth and contoured fit
- 4 **Non-slip Gel Tab**
Keeps liner in place
- 5 **Moisture Control**
Keeps feet dry and cool
- 6 **Mesh Cooling Panel**
Increases air flow
- 7 **Anti-microbial Wash**
Prevents bacteria and odor growth
- 8 **Cushioned Sole**
Reduces foot pain and pressure
- 9 **Smooth Toe**
Prevents blisters and irritations
